

Report on the 2023 Tabular Statement

Below you will find a simplified table presenting the significant figures in the 2023 Tabular Statement which I have submitted to Britain Yearly Meeting. My thanks to those LM Clerks and Pastoral Friends who have helped compile these figures. I have included the 2022 figures for comparison.

	2022	2023
Members	148	148
Attenders	128	128
Children	25	21
Convincements (new members)	0	1
Transfers in from other AM	0	2
Transfers out to other AM	2	2
Deaths	3	1
Movements within our AM	1	1

It is encouraging that for the first year for some time our Membership figure has not dropped and the number of Attenders is stable. The children's number is slightly down despite the fact that at the request of BYM we have included young people who attend our residential camps – Yealand, TGM and Summer School - but do not come to Meeting.

I do hope that in 2024 we see more people discovering the inner peace that Meeting for Worship can bring and more of our committed Attenders coming in to Membership.
