

Quaker Meeting for Worship at Marple Methodist Church

Please **do not attend** if you are feeling unwell

The Meeting will be held in the large, downstairs room. Windows will be open, so you may wish to bring an extra layer of clothing.

Friends can also join the Meeting via Zoom to create a 'blended' meeting. The Zoom call will be shown via projector on a screen.

You are asked to wear a face covering while moving around the building, (unless you are exempt for health or other reasons) and to respect other people's personal space. You can remove face coverings when seated.

You may wish to bring a drink (no refreshments will be provided).

Clerks will keep a record of those attending and contact details to support the NHS Track and Trace system.

On arrival

Enter through the main door at the front of the building, where you will be asked to sanitise your hands.

Go through the concourse to the glass doors, where the Quaker doorkeeper will greet you.

A camera and microphone will link Friends in the church with those who are joining via Zoom. These will be switched on for the duration of the meeting.

During the Meeting

The microphone is sensitive, but please ensure any spoken ministry is given loudly and clearly.

Coughs and sniffles – remember to "Catch it – Kill it - Bin it". Tissues, sanitiser and waste bags are available.

Closing the Meeting

Elders will close the meeting at approximately 11.15, with the words "Thank you Friends"; there will be no shared handshake.

Clerks will give any notices and Friends may share news.

There will be no collection.

After the meeting

Friends are welcome to stay and chat. We cannot provide tea and coffee at the moment.

Just in case...

The accessible toilet is just down the corridor; sanitiser should be used before and after touching the door handle
